

experience

Consume Media
Video Marketing Agency
Atlanta, Georgia

Motion Design Manager
2026

- Oversee motion design and animation projects, delivering high-quality work on time and within scope.

- Serve as a hands-on designer for client projects, creating storyboards, visual concepts, presentation assets, and branded graphics.

- Provide direction and feedback in pre-production, design, and editing phases to align work with client goals, brand standards, and vision.

- Partner with leadership to identify risks, solve creative challenges, and maintain clear communication with clients throughout the entire production.

- Manage freelance recruitment, onboarding, and training while helping to build efficient workflows, documentation, and practices for the design team.

- Create and approve scripts, storyboards, and revisions through delivery.

Senior Graphic Designer
2025

Plays a key role in bringing our video projects to life and works collaboratively with the Creative Directors, Producers, and other team members to conceptualize, build, and prepare graphic assets for our Post-Production teams execution.
